SECTION. G.M.
FILE NO. 205-19

Dated the day of April, 1920.

Sir,

Enclosed herewith we have the honour to forward on behalf of John Wells, an application under the Inventions and Designs Regulation, 1894, for leave to file a specification in respect of an invention for "Improvements in Grates for Gas Producers and Carbonising Plants, Boilers and the like".

The documents sent comprise:- a Power of Attorney in our favour, and the Application with a description of the invention and Drawings.

A Patent for this invention in British India has been applied for, particulars of which are set out in the Application.

A Money Order for Rs 11/- is being sent by same mail of which Rs 10/- is the fee payable on the application and one rupee for the stamp duty on the Power of Attorney.

We have the honour to be,

Sir,

Your most obedient servants,

H. V. Williams & Co.

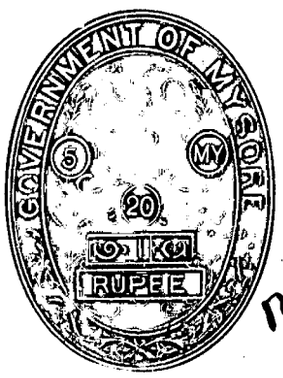
# POWER OF ATTORNEY



M.V.

IN THE MATTER of the Inventions and Designs Regulations, XI of 1894, of the Government of Mysore:

and

IN THE MATTER of JOHN WELLS, of 36 Sharia Falaki, in the City of Cairo, Egypt, Consulting Engineer, an Inventor.

I, the above named JOHN WELLS, do hereby retain constitute and appoint Messrs. H.V. Williams & Co. Patent Agents and Engineers, of 8, Esplanade East, — Calcutta, British India, —— as my Agents and Attorneys to apply for and obtain from the Government of Mysore an Exclusive Privilege for "Improvements in Grates for Gas Producers and Carbonising Plants" "Boilers and the like" and to maintain the same in force; and I authorise them to sign my name to such papers and writings and do such acts regarding the same, including substitution and revocation, as may be necessary or expedient. And lastly, I request that all notices, requisitions and communications now or hereafter relating to the same may be sent to such Agents at the above address, and that they be recognized as my authorized Agents in all proceedings incident thereto.

Dated this 20th day of November 1919.

John Wells

Signed, sealed and delivered by the above named JOHN WELLS, at London, in the presence of:-

MYSORE

# A P P L I C A T I O N

TO THE DEWAN OF MYSORE

THE APPLICATION of JOHN WELLS, of 36 Sharia Falaki, in the City of Cairo, Egypt, Consulting Engineer for leave to file a specification under Part I of the Inventions and Designs Regulation 1894.

The applicant is in possession of an invention for "Improvements in Grates for Gas Producers and Carbonising Plants, Boilers and the like", he is the inventor thereof; and to the best of his information and belief, the invention is new within the meaning of Part I of the Inventions and Designs Regulation, 1894; and no circumstance exists which, if the applicant be authorized to file a Specification and files it in accordance with that Part will disentitle him to an Exclusive Privilege thereunder in respect of the invention. Application was filed in British India on the 18th November 1919, No.5041; see Gazette of India, Part II, Page 2042, dated 29th November 1919. Accepted on the 28th March 1920; see Gazette of India Part II, Page 569, dated 3rd April 1920.

The following is a description of the invention.

This invention relates to grates for Gas Producers carbonising Plants, Boilers and the like.

According to this invention, the grate-frame is pivoted to turn about a horizontal axis and is balanced so that it may be readily inclined as required, for example, in accordance with the nature of the material comsumed, or turned down into a position permitting the rapid removal of any clinker which may be formed thereon. Means are also provided for securing the grate in the position to which it has been adjusted. Provision is also made for adjusting the position of the grate as a whole by moving its axis of oscillation laterally, so as to increase or diminish the area of the space through which the ashes pass away to the ash-pit.

The grate bars may be of the ordinary pattern or may be arranged in a similar manner to those of a step grate, ~~or they may be arranged in the pattern of a Venetian blind so as to permit variation in their inclination or in the size of the apertures between the bars.~~

In the accompanying drawing:-

Fig.1 is a transverse section of a grate constructed according to my invention and applied to a gas producer and

Fig.2 is a front elevation thereof.

A is the discharge aperture of the gas producer and

B a pivot-shaft adapted to rest in one of a series of pairs of recesses C formed in the base-frame A' of the producer. On the pivot-shaft B are mounted cheek-plates D which together with a bar E and the shaft B form the frame on which the fire bars F,F are supported. The cheek-plates D are provided with downward extensions D' connected by a bar G to which are attached or suspended one or more balance-weights H according to the weight of the grate and of the average load thereon.

One or both of the cheek plates D is provided with an eye J arranged opposite a perforated sector K, secured to the base frame A', so as to permit of the grate being secured at any desired angle by means of a pin L extending through the eye J and through the corresponding hole in the sector K.

The fire-bars F,F are shown provided with recesses M,M at each end to fit over the shaft B and the bar E. These bars are only shown by way of example, they may be replaced by horizontal bars resting or attached to either cheek plate ~~either fixed or pivoted, so that with change of position in the grate the apertures between the horizontal bars may be varied.~~

Having now particularly described and ascertained the nature of my said invention and in what manner the same is to be performed, I declare that what I claim is:-

1. A grate for a gas-producer, carbonising plant, boiler or the like which is pivotally mounted so as to permit fire-bars being varied in inclination from the horizontal to any desired angle.

2, A grate for a gas producer carbonising plant, boiler or the like, comprising a grate-frame which is pivoted about a horizontal axis and is balanced in combination with means for ~~turning it about such axis and for~~ retaining it in the position to which it is adjusted.

3. A constructional form of the grate claimed in claim 2, wherein the pivoted axis thereof is adjustable laterally, substantially as described.

4. The combination, with a grate as claimed in claim 2 or in claim 3, of a rotary series of paddles arranged adjacent to said grate in the space through which the ashes are discharged, substantially as described,

5. The improved grate constructed substantially as herinbefore described with reference to the accompanying drawing for the purposes specified.

The applicant therefore applies for leave to file a Specification of the invention pursuant to Part I of the Mysore Inventions and Designs Regulation, 1894.

Dated this 20th day of November 1919.

John Wells

I, JOHN WELLS, the applicant above named do declare that what is stated in this application is true to my knowledge, except as to matters stated on information and belief, and as to matters I believe them to be true.

John Wells

Register No. of 1920.

**Government of Mysore.**

**GENERAL DEPARTMENT.**

₹ 180

**Register No.** 35 **of 19** 19 - 20

*Bangalore, the* 5/7/1920

WHEREAS an application, dated ~~the~~ nil and received on the 20th April 1920, has been submitted under Section 5 of the Mysore Inventions and Designs Regulation, 1894, by Mr. John Wells of 36, Sharia Zealaki, Cairo, Egypt, by occupation Consulting Engineer, (hereinafter referred to as "the applicant") for leave to file a specification of an invention for "Improvements in grates for gas producers and carbonising plants, boilers and the like"

And whereas the applicant has duly complied with all the requirements of Section 5 of the said Regulation;

The Government of Mysore are pleased, under Section 6 of the said Regulation, to authorize the applicant to file a specification of the said invention in accordance with the provisions of the said Regulation.

ORDERED, that the applicant be, and he is hereby, informed accordingly.

By Order of the Government of Mysore,

Rush 27/8

For Chief Secretary to the Govt. of Mysore,
~~General Department.~~

29/6/20

Certified that the fees prescribed in the fourth schedule to the Mysore Inventions and Designs Regulation, 1894, in respect of the application for leave to file the said specification and of the filing thereof have been paid by the applicant, and that the specification hereinbefore described has been duly filed in accordance with the provisions of Section 8 of the said Regulation on this the Thirtieth day of August 1920.

For Chief Secretary to the Govt. of Mysore,
~~General Department.~~

*(Section 8 of the Inventions and Designs Regulation, 1894.)*

8. (1) If within six months from the date of an order under Section 6, Sub-Section 1), or within such further time, not exceeding three months, as the Government of Mysore, in its discretion, may, on cause shown to its satisfaction and on payment of the fee prescribed in that behalf in the fourth schedule, see fit to allow, the applicant causes a specification of his invention to be filed in manner by this Part required, and the fee prescribed in the fourth schedule in respect of the filing of the specification to be paid, the applicant shall, subject to the other provisions of this Part, be entitled to the exclusive privilege of making, selling and using the invention in the Territories of Mysore, and of authorizing others so to do, for a term of fourteen years from the date of the filing of the specification.

(2) But an exclusive privilege in respect of an invention of a new manufacture shall, notwithstanding anything in Sub-Section (1), cease, if the inventor fails to pay, within the time limited in that behalf by the fourth schedule, any fee prescribed in that schedule in respect of the continuance of the privilege.

(3) If, nevertheless, in any case, by accident, mistake, or inadvertence, an inventor fails to pay any such fee within the time so limited, he may apply to the Government of Mysore for an enlargement of the time for making the payment.

(4) Thereupon the Government of Mysore may enlarge the time accordingly, on payment of the fee prescribed in that behalf in the fourth schedule, and subject to the following conditions, namely :—

(*a*) the time for making a payment shall not in any case be enlarged for more than three months ; and

(*b*) if any suit is instituted in respect of an infringement of the exclusive privilege committed after a failure to make a payment within the time limited for the making thereof and before the enlargement of that time, the Court disposing of the suit may, if it thinks fit, refuse to award or give any damages in respect of the infringement.
